Sandankyo

Uchiguro pass 993m

Kurobuchi, the greatest scenic site in Sandankyo is a deep pool filled with dark green water surrounded by tall standing cliffs. The red Japanese maple together with the green pools makes a beautiful sight in the fall.

The 20m high wall of rock, narrows to widths of as little as 2m and towers over the surrounding landscape. Dim and cool even during the day, this mystical place will leave you with a feeling of wonder. Nidandaki is located in a secluded area making it necessary to take the Sarutobi boat to get there. Yet the waterfall is still a spectacular sight.

This area is one of the best scenic spots in Sandankyo.

Clear streams fill this deep pool at the entrance of Sandankyo
